MEtutors

Project Remaining Tasks Plan

PREPARED BY: Anum Irshad
ZAPTA Technologies (Pvt.) Limited

Introduction:

Note: All tasks that are highlighted in green color we shall finish the design and flow for them within the next week

This document describes the 'Project Remaining Tasks Plan' and focuses on all the tasks and development activities that need to be completed before the project is finally winded up. During project completion, the team will review the deliverables, then compare and test their quality to the intended project outcome. After all the phases are completed and bugs are fixed, the final product will be handed over to the client.

Phases:

A) Go live for hiring tutors
B) Go live for teaching students
C) Remaining MVP-1
   1. Release 1
   2. Release 2
   3. Release 3
D) Add languages

A- Go live for hiring tutors: 30th Aug 22
(4 days)

1. Bug fixes

2. Final test

- Included tasks:

1. In teacher registration flow, under the section for the programs and classes that teacher will teach, in the tables that show the details for each subject, field grade is static with 9th value
2. Need a check box for the 'select all' option for teachers in the 'availability slots' pop-up
3. Add a 'reset' option in the availability slots pop-up
4. Teacher should be allowed to go back in his complete profile section
5. The text of cards on top of the tutor's dashboard page needs to be according to finalized design
6. 'Get started' button needs to redirect to the sign up page
7. Tutor demo video to be shown at tutor's profile **(Designer needed)**
8. Email content and template implementation for teacher hiring only

B- Go live for teaching students: 2nd Oct 22

(32 days)

a. Bug fixes and testing (8 days)

b. Remaining tasks (14 days)

c. Testing and bug fixes (6 days)

- Included tasks:

1. All bugs on Jira
2. Fast picture/slide changing the time on MEtutors landing page
3. Changing text on the hero section with each slide
4. 'Find a course' button on the 'about us' page should redirect to the programs section on the home page
5. 'Start Learning Now' on the student success page will redirect to the 'sign up page'
6. The textbook uploaded in the student's course booking process is not shown anywhere in the user's dashboard. We can add the 'textbooks' option above the 'resources.'-**To be designed**
7. 'Earned Certificates' will be only 'Certificates' on the student dashboard
8. Makeup class button style should be similar to the view class button
9. 'Student Dashboard' on student's sidebar and top title
10. 'Days' are missing in the teacher profile and teacher data sheet on the admin side
11. Email content and template implementation for remaining functionalities
12. Admin Manage Coupons-**To be designed**
13. Apply coupon-**To be designed**

A. Go live for hiring tutors: 30th Aug 22

Sr No.	Tasks	Estimated Time
1.	Bug fixes	4 days
2.	Final test	

B. Go live for teaching students: 2nd Oct 22

Sr No.	Tasks	Estimated Time
1.	All bugs on Jira	8 days
2.	Fast picture/slide changing the time on MEtutors landing page	5 hours
3.	Changing text on the hero section with each slide	1 hour
4.	'Find a course' button on the 'about us' page should redirect to the programs section on the home page	1 hour
5.	'Start Learning Now' on the student success page will redirect to the 'signup page'	
6.	The textbook uploaded in the student's course booking process is not shown anywhere in the user's dashboard. We can add the 'textbooks' option above the 'resources.'-**To be designed**	2 hours
7.	'Earned Certificates' will be only 'Certificates' on the student dashboard	1 hour

Sr No.	Tasks	Estimated Time
8.	Makeup class button style should be similar to the view class button	
9.	Student Dashboard' on student's sidebar and top title	
10.	'Days' are missing in the teacher profile and teacher data sheet on the admin side	5 hours
11.	Email content and template implementation for remaining functionalities	3 days
12.	Admin Manage Coupons-**To be designed**	6 hours
13.	Apply coupon-**To be designed**	4 hours
14.	Changes in the course booking process (Syllabus)-**To be designed**	5 hours
15.	Teacher's video on student's side-**To be designed**	2 hours
16.	Inbox for students and teachers (integrated)	3 days
17.	Testing and bug fixes	6 days
18.	Teacher requests payments	7 days
19.	Teacher Payment history	
20.	Teacher pending payment	
21.	Integration for teacher's payment method	

C. Remaining MVP-1 (Release 1) 9th October

Sr No.	Tasks	Estimated Time
1.	Responsiveness of all website	4 days
2.	Certificates (Students) -**To be designed** (Flow is not completed)	5 hours
3.	Testing and bug fixes	2 days

C. Remaining MVP-1 (Release 2) 18th October

Sr No.	Tasks	Estimated Time
1.	Pagination in the whole platform	2 days
2.	Teacher dispute payments	5 days
3.	Admin manage dispute payments	
4.	Student payment history	
5.	Testing and bug fixes	2 days

C. Remaining MVP-1 (Release 3) 25th October

Sr No.	Tasks	Estimated Time
1.	All transaction page (admin side)-**To be designed**	2 days
2.	Add a section for 'partnership schools'-**To be designed**	4 hours
3.	Testing and bug fixes	3 days
